

BEGINNING and REFRESHER BRIDGE

Dick DeVoe

Bridge is a wonderful social activity that also helps keep our brains from atrophying!

😊 There are a number of bridge groups in our branch, and we encourage members/spouses/partners to join us. If you have not played bridge, we will teach you. If you have not played for years but want to freshen up on the conventions used by our players (and by the American Contract Bridge League- ACBL), we will bring you up to speed.

There is no formal instruction as such. We schedule times, find venues, and provide experienced players to work with beginners and with those needing a refresher(s).

Please contact me so we can make it happen!
