

THEATRE

Glenn Breslin

For an entertaining evening, how about a night out at the theater? Three or four times each year we will schedule an SIR 146 Theater Event, usually at one of the local community theater venues. It's a great way to spend an evening with your spouse, other SIR146 members and your guests.

For those wanting to share a meal before the show with others, I will schedule an optional dinner at a nearby café or restaurant. This group will emphasize musical shows, as they are popular. Also, this group will prioritize show events at the Leshner Center as it is convenient and reasonably priced.

Please look for SIR Call updates, Eblast email messages and Luncheon announcements. I look forward to sharing show events with you !!
