## Big Sir's Notes

In honor of his 90<sup>th</sup> birthday and for having served as the first Big Sir of Branch 146, the Executive Committee proclaimed August 9, 2007 as **Charlie Unfried** day. **Bob Yolland**, Honorees Chairman, also presented Charlie the SIR President's award as a Senior Sir of Pleasant Hill Branch 146. Charlie was unable to attend the meeting because of ill health. His award was delivered to him at his home.

Wild shirt day was a great success and lots of fun. Thanks to **Dale Haukland** for his humorous selection of the winners. Thanks also to the Song Sirs for their splendid rendition of *Lydia the Tattooed Lady*. Now we know that we have some great soloists and actors.

On Monday, August 6, 2007 I attended the SIR State Board of Directors meeting where the 2008 officers were elected. **Arthur Pufford** of the Sonoma branch was elected President for 2008. In other business, the name of the Growth and Management committee was changed to Growth and Membership committee. This reflects the continued emphasis on efforts to stop the on-going loss of SIR membership state-wide. Membership continues to be a major concern of State SIR leadership.

Branch 146 is one of six branches in SIR Area 2, Central Contra Costa County, in which there are 1,300 SIR members. The Area 2 Big Sirs who were at the State Board of Directors meeting elected me Area Governor for 2008. I am grateful that the Big Sirs in Area 2 recognize Branch 146 as an excellent branch, with a history of good leadership that has much to offer other branches in Area 2. I am honored to serve.

For disaster preparedness, we will conduct an evacuation drill at the September luncheon. **Dennis Hallett** will provide details and lead us through it. (See pages 5 and 6).

Gerry Blake spoke to us at the August luncheon about his contract with the City of Walnut Creek. He said that the City wants him to leave soon. By written correspondence I asked Mayor Sue Rainey to clarify the City of Walnut Creek's intentions. She responded as follows:

Dear Mr. Stedman:

Thank you for your email. I want to allay your concerns about any possible changes in SIR's ongoing luncheon tradition at Boundary Oak. When the current restaurant operator leaves, it is the City's expectation that your luncheon services will continue largely unchanged

under the new, as-yet-undetermined operator. I want to assure you the City very much wishes to continue providing SIR with luncheon services at Boundary Oak, and we intend to honor all prior commitments for dining services made at Boundary Oak. As soon as we have selected a new operator we will inform you of the process for continuing luncheon banquet services.

Please know that the City values its long relationship with SIR at Boundary Oak and we will do everything we can to sustain it well into the future.

Sincerely,  
**Sue Rainey**  
Mayor

Remember that your friends and acquaintances are potential members who would benefit from SIR membership as you and I have. Bring a guest to lunch. Sponsor a new member.

**Jeff Bailly**

**Thursday, September 20 – A Panel of Members will Identify Free Software that Everyone Should Have on Their Computer.** Most of us use one or more free programs or utilities that are very useful in our day to day computing activities. Some of the more popular ones are antivirus programs, system utilities, programs that clone MS Word and Excel and more. A panel will share with the group which ones are their personal favorites.

Come join us and hear about the best in freeware for your PC. Also, if you have some favorite free software, share it with the group.

Following the panel presentation, **Dick Curry** will lead an informative computer Q&A session. Come join us and spend some time learning and talking about your computer usage. Whether you are a beginner or a seasoned user, we try to offer something for everyone. We serve coffee and pastries and all SIR members and their guests are welcome.

*Meetings of the Area 2 Computer and Technology Group are held the 3rd Thursday of each month (except June and December) from 9:00 to 11:00 a.m., at the **Walnut Creek Elks Lodge**, 1475 Creekside Drive (just off South Main.)*

### The Wisdom of Will Rogers

- Lettin' the cat outta the bag is a whole lot easier 'n putting' it back in.
- After eating an entire bull, a mountain lion felt so good he started roaring. He kept it up until a hunter came along and shot him. The moral: When you're full of bull, keep your mouth shut.

## Garden Club

Chuck Bobinecz

1st Thursday at 9:30 am at the Walnut Creek Presbyterian Church, 1801 Lacassie Ave., in the Multipurpose Room, unless otherwise announced.

Sir **Lew Thompson** has arranged for an excellent speaker for our next meeting on September 6<sup>th</sup>. **Nicole Hackett** has agreed to speak to us about ornamental grasses.

Nicole and her family have a nursery in Clayton. Nicole has a passion for plants and has spoken to many garden groups in the area.

She writes columns for the Clayton newspaper and on her day off she does yard and garden consultations.

*Garden tip of the month:* Have you been enjoying your tomatoes this summer? Tomatoes contain lycopene and when tomatoes were taken daily for eight weeks by a test group, they experienced a 10 point drop in systolic blood pressure and a 4 point drop in diastolic pressure. Lycopene may also protect against prostate cancer.

## Wine Tasting ... Dale Haukland

The wine group had a sipping and noshing good time at the Museum of the San Ramon Valley on August 27th, sampling Bordeaux or Rhone style red and white wines and viewing the historic "scrappy" Quilt exhibit. Watch the newsletter for our next fall event.

## Fishing

Sal Costanza

4th Thursday at 8:30 am. at Diablo Creek Golf Course (Legends Grill). North Port Chicago Hwy

Members reported on trips from Alaska to Baja and many local fisheries including Tahoe, the bay, the delta, the ocean, and mountain streams and lakes. We are very fortunate to have all of these fishing opportunities available to us. We are also fortunate to have a forum like the Area 2 Fishing Group to share experiences and techniques and which organizes a host of planned or spur-of-the-moment outings.

We also have some great social functions like the recent summer picnic hosted by Ed Dijkman (Br.8) and his wife for 32 of us.

On the calendar for September are: trout fishing in the Eastern Sierra, stripers in the delta, and salmon in the ocean.

Hospital regulations require a wheel chair for patients being discharged. However, once I found one elderly gentleman already dressed and sitting on the bed with a suitcase at his feet, who insisted he didn't need my help to leave the hospital. After a chat about rules being rules, he reluctantly let me wheel him to the elevator. On the way down I asked him if his wife was meeting him. "I don't know, he said. "She's still upstairs in the bathroom changing our of her hospital gown".

### A Cold Remedy That Works?

Cold remedies come and go. Airborne, Cold-Eeze, Zicam, homeopathic products, mega doses of vitamin C, and other nostrums have had their day, but flunked in clinical trials, or turned out to help a little but not much---or to have potentially serious side effects. In the end, most of us go back to aspirin, chicken soup and patience, which are usually just as good as anything. But recently Health Canada (the equivalent of the FDA in the U.S.) put its stamp of approval on Cold-fX, a ginseng-derived product that is now allowed to claim, at least in Canada, that it "helps reduce the frequency, severity, and duration of cold and flu symptoms by boosting the immune system." Ginseng is a genus of plants grown worldwide and touted for almost every medicinal purpose imaginable. One problem with ginseng on the U.S. market is that you do not really know what kind you are getting, which part of the plant, or how much, since supplements are virtually unregulated here. But Cold-fX is a patented, standardized extract of American ginseng root (*Panax quinquefolius*) and has been tested in several studies, with promising results.

Many drugstores in the U.S. sell Cold-fX, but without the claims about reducing cold symptoms. (The labels of supplements in the U.S. are permitted only to make "structure and function" claims, not to say they cure or treat a disease.) But before you try the product, remember that even in Canada the claim is not to prevent all colds, or to treat a cold once you have one, but to reduce their severity, frequency, and duration.

**Might work, can't hurt.** The studies on which the claims are based were sponsored by the manufacturer (just like studies of most prescription drugs). In one study of healthy middle-aged subjects, published in the *Canadian Medical Association Journal*, those who took Cold-fX over four months had fewer colds, and when they did get colds, symptoms were milder, compared to those taking a placebo.

Another study tested Cold-fX in elderly people, who also experienced a reduction in respiratory infections. All this sounds promising but the studies were small and brief. Still, it is unusual for studies of a so-called "natural product" to be even as well designed as these.

If you want to try Cold-fX, it appears to be safe. You take two tablets a day over the "long term," presumably throughout the cold season, and a month's supply costs about \$30. The manufacturer says "short term" dosing is okay, too, but no one has tested whether the product has any benefits if you start taking it at the first sneeze--Health Canada plans to review further research. Since Ginseng has an anticoagulant effect, if you are taking blood thinners (such as warfarin), talk with your doctor before taking Cold-fX.

## Cooking

**Dave Johnson**

*1st Monday at various members' homes.*

The August meeting was held at the home of our Greek master chef, **Dan Hungerford**. Dan provided us with a variety of Greek delicacies, the names of which he had some difficulty pronouncing. He also wore his cute little Greek shoes with the pompoms on them. He started us off with tiropetas, those flaky little pastries filled with feta and cottage cheese. The entree was lamb mous-saka, accompanied by a Greek zucchini frittata. For dessert, we enjoyed his famous Greek cheesecake. A really outstanding meal! Because of recent newspaper articles condemning caffeine, he refused to serve coffee. Most of the group was well-hydrated, by this time, so nobody really cared.

The next meeting is at **Charlie's** on September 8th.

## Cooking Too

**Rich Hanford**

*2nd Monday at various members' homes.*

**John Demos** hosted our group on Monday, August 13<sup>th</sup>. We began with wine and hors d'oeuvres followed by great Greek meatballs in sauce over a wonderful rice dish. Included was spinach flavored with olive oil and lemon – Greek style, of course! He finished off the meal with delicious Greek cookies for dessert.

## Tres' Gourmet

**Lew Thompson**

The July meeting of Tres' Gourmet was hosted by **Bill Hansen** who delighted us with family grown barbequed ribs. This month we dined at **Jim Brown's** table. He prepared a tasty dish called ruby chicken (chicken breasts cooked in a cinnamon cranberry sauce) and served it over rice. Both **Bill's** and **Jim's** lunches were accompanied by fine wines, hors d'oeuvres, salad, and dessert. City ordinances and golf dominated the conversation. Hillary's name was only mentioned once.

## Investment\$

**Dave Munson**

*4th Wednesday, 8:00am (breakfast starts at 7am) at he Diablo Creek Golf Course (Legends Grill), North Port Chicago Highway and Highway 4, Concord*

## Cribbage

**Al Tufo**

**HOLY MOLLIE!** This is the second time in two months that have I had to say **HOLY MOLLIE** because we haven't been able to play our Cribbage Tournaments. It seems that our wealthy retirees are traveling all over the country, or buying new houses. Unfortunately, we have had a few under the weather also. We will try next month to get together. I'm not sure if it will be hosted by **Howie King** or **John Pearl**. God Bless.

CIAO, Italian Stallion

The Table Pool Club has decided to NOT MEET on the 1st Monday of Sept, which is the Labor Day period. We will meet on the 17th of Sept. which is the 3rd Monday. Hope to see you there.

## Social

**Don Nunn**

Hi Party Goers,  
We are virtually sold out for the October Dance. However, we still have room for two tables of eight and we almost always have people that withdraw or cancel due to various reasons. So keep the requests coming in. Look forward to hearing from you.

## SIRS BRANCH 146

### EMERGENCY EVACUATION PLAN

In the event of an emergency, such as a fire or earthquake, occurring during our monthly luncheon meeting, the “Big SIR”, or in his absence the Little SIR, will verbally declare our evacuation from the Boundary Oaks Building is necessary and activate the following Evacuation Plan:

The evacuation process will be controlled by Zone. Please familiarize yourself with each Zone and the Zone’s designated exit points identified on the “Emergency Evacuation Exit Routes” diagram in the Members Directory, and on the Branch Web site.

“Members” are responsible for identifying the Zone in which they are located and assisting any Member who has mobility difficulties, to the Zone’s designated exit point/s. Zones A and B are located in the Dining Room. Zone C is the Men’s Toilet at the end of the Hallway and will include the Ladies toilet area if an emergency occurs during a Ladies Day luncheon. Zones A and B exits points are mainly on level flooring. The Zone C exit point requires the use of stairs.

The monthly “Greeters” will check all designated exit points are clear and functional prior to the commencement of each luncheon meeting.

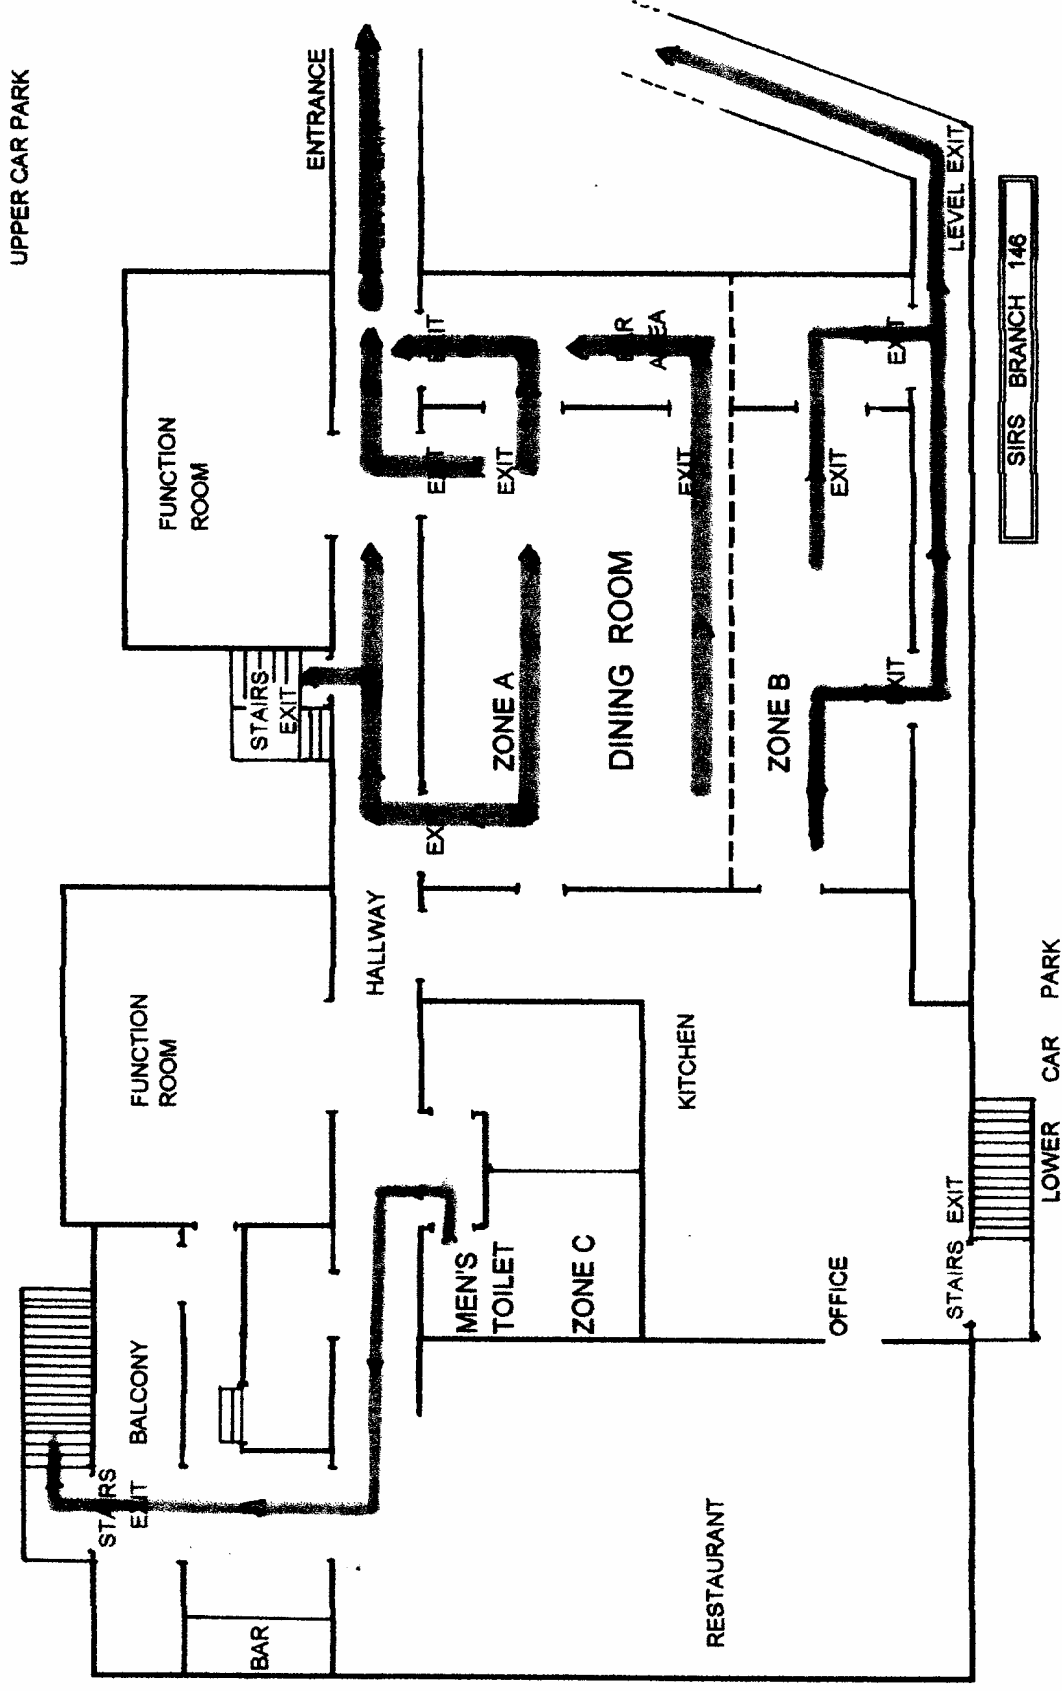

“Executive Committee Members” will assist Members to make an orderly and timely exit (not stopping at badge return trays) and verify that each Zone is clear.

“Members” exiting the building are requested to make their way to an “Assemble Area” located by the entrance to the Police Firing range, at the far end of the Upper Car Park. Here a roll call by name and membership number, will be conducted by the “Assistant Secretary”. The “Check-In Roster” will be provided by the “Treasurer” and used for the roll call. Any unaccounted for Member/s and/or Member/s in need of medical attention, will be immediately reported to the “Rescue Authorities”.

Members who have medical or first aid experience, and wish to offer their services, should make themselves known to the Assistant Secretary.

Members are requested to remain in the assemble area until the Rescue Authorities declare the area safe for individuals to leave the area. Please do not attempt to drive your car before this declaration.

Therefore my column this month says the weather is great, nothing but sunshine. Let's keep it that way. Thank

A grandmother was telling her little granddaughter what her childhood was like: "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods." The little girl was wide-eyed, taking this all in. Then, "I sure wish I'd gotten to know you sooner!"

## Away Golf

The teaching pros at Boundary Oak graciously helped us reduce our slices, add to our distance and zero in our chips.

Our September event will be the Ladies Invitational on Thursday the 20th. **Lynn Freeman** hosts this event. Details are in a separate article.

Our September State event is the Solvang Tournament from the 9th to the 13th. See our [sirinc.org](http://sirinc.org) for details and entry forms.

Our next Golf Clinic is scheduled for Thurs., August 30th.
